Re: PRR – Tomo Lazovich – Fraud Detection and Eligibility Determination Software

Dear Tomo Lazovich:

The Department of Transitional Assistance (“DTA”) responds to the above referenced public records request, received on January 27, 2026 (the “request” or “PRR”), wherein you requested the following records:

Records regarding any automated decision systems, algorithms, data-matching programs, artificial intelligence, machine learning, or predictive analytics used by the DTA (in the Program Integrity or any other division) to assist in determining eligibility, detecting fraud, or flagging cases for review in the SNAP, TAFDC, and EAEDC programs.

1. Procurement contracts and RFPs for third-party software used for fraud detection, identity verification, or eligibility determination.
2. Documentation of any internally developed software used for fraud detection, identity verification, or eligibility determination.
3. User manuals, policy memos, or training materials describing how DTA staff utilize these tools to deny, reduce, or terminate benefits.
4. Reports of any validation studies or accuracy audits conducted on these systems.

Documents responsive to your request are attached hereto, and also responsive is DTA’s [Online Guide](#).

This concludes DTA’s response to your request.

DTA reserves the right to retrieve any exempted, privileged, or otherwise protected materials or information inadvertently included in this production. Any such production is not, and shall not be, considered or deemed a waiver of any applicable privileges or protections from disclosure.

DTA now considers this PRR closed.

Pursuant to M.G.L. c. 66, § 10A, if you believe DTA has violated M.G.L. c. 66, § 10 and your request was made in writing, you may submit an appeal to the Supervisor of Public Records in the Office of the Secretary of the Commonwealth or seek judicial review by commencing a civil action in Suffolk Superior Court.

If you have any questions, please feel free to contact me at (617) 348-8520.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lauren Picone', with a stylized flourish extending to the right.

Lauren Picone  
General Counsel

This Order Form is a legal document between Customer and

- A. West Publishing Corporation to the extent that products or services will be provided by West Publishing Corporation, and/or
- B. Thomson Reuters Enterprise Centre GmbH to the extent that products or services will be provided by Thomson Reuters Enterprise Centre GmbH.

A detailed list of products and services that are provided by Thomson Reuters Enterprise Centre GmbH and current applicable IRS Certification forms are available at: <https://www.tr.com/trorderinginfo>

West Publishing Corporation may also act as an agent on behalf of Thomson Reuters Enterprise Centre GmbH solely with respect to billing and collecting payment from Customer. Thomson Reuters Enterprise Centre GmbH and West Publishing Corporation will be referred to as "Thomson Reuters", "we" or "our," in each case with respect to the products and services it is providing, and Customer will be referred to as "you", or "your" or "Client".

For Federal Customers the following shall apply: Thomson Reuters General Terms and Conditions (available here <https://static.legalsolutions.thomsonreuters.com/static/Federal-ThomsonReuters-General-Terms-Conditions.pdf>) apply to the purchase and use of all products, except print, and together with any applicable Product Specific Terms (set forth below) are incorporated into this Order Form by this reference. In the event that there is a conflict of terms among the General Terms and Conditions, the Product Specific Terms and this Order Form, the order of precedence shall be Order Form, the Product Specific Terms, and last the General Terms and Conditions.

For non-federal customers the following shall apply: Thomson Reuters General Terms and Conditions (<http://tr.com/us-general-terms-and-conditions>) apply to the purchase and use of all products, except print, and together with any applicable Product Specific Terms (set forth below) are incorporated into this Order Form by this reference. In the event that there is a conflict of terms among the General Terms and Conditions, the Product Specific Terms and this Order Form, the order of precedence shall be Order Form, the Product Specific Terms, and last the General Terms and Conditions.

**ProFlex Products**  
**See Attachment for details**

| Material # | Product       | Monthly Charges | Minimum Terms (Months) |
|------------|---------------|-----------------|------------------------|
| 41308780   | CLEAR Proflex | \$3,424.17      | 36                     |

**Minimum Terms**

Your subscription is effective upon the date we process your order ("Effective Date") and Monthly Charges will be prorated for the number of days remaining in that month, if any. Your subscription will continue for the number of months listed in the Minimum Term column above plus any Bridge Term that may be outlined above counting from the first day of the month following the Effective Date. Your Monthly Charges during the first twelve (12) months of the Minimum Term are as set forth above. If your Minimum Term is longer than 12 months, then your Monthly Charges for each year of the Minimum Term are displayed in the Attachment to the Order Form.

**Post Minimum Terms**

Your subscription will automatically renew at the end of the Minimum Term. Each Automatic Renewal Term will be 12 months in length ("Automatic Renewal Term"), and we will notify you of any change in the Monthly Charges at least 60 days before each Automatic Renewal Term starts. You are also responsible for all Excluded Charges.

Federal government subscribers that chose a multi-year Minimum Term, those additional years will be implemented at your option pursuant to federal law. Either of us may cancel the Automatic Renewal Term by sending notice in writing at least 30 days before an Automatic Renewal Term begins. Send your notice of cancellation to Customer Service, 610 Opperman Drive., P.O. Box 64833, Eagan, MN 55123-1803.

The Federal Product Specific Terms can be found here: <http://tr.com/federal-product-specific-terms>

**Applicable Law.** If you are a state or local governmental entity, your state's law will apply, and any claim may be brought in the state or federal courts located in your state. If you are a non-governmental entity, this Order Form shall be interpreted under Minnesota state law and any claim by one of us shall exclusively be brought in the state or federal courts in Minnesota. If you are a United States Federal Government subscriber, United States federal law will apply, and any claim may be brought in any federal court.

**Charges, Payments & Taxes.** You agree to pay all charges in full within 30 days of the date of invoice. You are responsible for any applicable sales, use, value added tax (VAT), etc. unless you are tax exempt. If you are a non-government subscriber and fail to pay your invoiced charges, you are responsible for collection costs including attorneys' fees.

**eBilling Contact.** All invoices for this account will be emailed to your e-Billing Contact(s) unless you have notified us that you would like to be exempt from e-Billing.

**Credit Verification.** If you are applying for credit as an individual, we may request a consumer credit report to determine your creditworthiness. If we obtain a consumer credit report, you may request the name, address and telephone number of the agency that supplied the credit report. If you are applying for credit on behalf of a business, we may request a current business financial statement from you to consider your request.

**Cancellation Notification Address.** Send your notice of cancellation to Customer Service, 610 Opperman Drive, P.O. Box 64833, Eagan MN 55123-1803

**Regulated Data.** Due to the regulated or private nature of some data in our information products such as credit header data, motor vehicle data, driver license data and voter registration data, you may need to complete a credentialing process which will include certifying what your legally permissible use of the data will be. You agree to immediately notify us if any of the information you provided in your ordering document or during the credentialing process changes. You agree to and warrant that you are the end user of this data and that you will only use it for your own internal business purposes. You also warrant that you will strictly limit the access, use and distribution of this data to user permitted under applicable laws, rules and regulations and as permitted by the third party additional terms. You will keep the data confidential. You will use industry standard administrative, physical and technical safeguards to protect the data. You will not disclose it to anyone except as necessary to carry out your permissible use. You will immediately report any misuse, abuse or compromise of the data. You agree to cooperate with any resulting inquiry. If we reasonably believe that the data has been misused, abused or compromised, we may block access without additional notice. You are responsible for all damages caused by misuse, abuse or compromise of the data by you, your employees and any person or entity with whom you shared the data. We will be responsible for damages caused by us. We are not a consumer reporting agency. You may use information product data to support your own processes and decisions but you may not deny any service or access to a service to a consumer based solely upon the information product data. Examples of types of service include eligibility for credit or insurance, employment decisions and any other purpose described in the Fair Credit Reporting Act (15 U.S.C.A. 1681b). If the Financial Industry Regulatory Authority regulations apply to you, you may use our information products to verify the accuracy and completeness of information submitted to you by each applicant for registration on Form U4 or Form U5 in compliance with the requirements of FINRA Rule 3110. You may use the information products in this manner only in furtherance of written policies and procedures that are designed to achieve your compliance with FINRA Rule 3110 or as otherwise allowed by the General Terms and Conditions.

**Excluded Charges And Schedule A Rates.** If you access products or services that are not included in your subscription you will be charged our then-current rate ("Excluded Charges"). Excluded Charges will be invoiced and due with your next payment. For your reference, the current Excluded Charges schedules are located <http://static.legalsolutions.thomsonreuters.com/static/agreement/schedule-a-clear.pdf> and Excluded Charges change from time-to-time upon 30 days written or online notice. We may, at our option, make certain products and services Excluded Charges if we are contractually bound or otherwise required to do so by a third party provider or if products or services are enhanced or if new products or services are released after the effective date of this ordering document. Modification of Excluded Charges or Schedule A rates is not a basis for termination under paragraph 10 of the General Terms and Conditions.

**CLEAR Fixed Rate Usage :** If the transactional value of your CLEAR fixed rate usage exceeds your then-current Monthly Charges by more than 10 times in any month (or by 20 times in any month for Enterprise Law Enforcement subscribers), we may limit access to live gateways and request that the parties enter into good faith renegotiation or terminate upon 10 days written notice. Transactional value of your CLEAR usage is calculated based upon our then-current Schedule A rate. Schedule A rates may change upon at least 30 days written or online notice.

**Batch Usage :** If you have a fixed rate batch and/or batch alerts subscription and the total of your batch inputs or batch alerts exceeds your annual fixed rate batch or total batch alerts allotment, we may: 1) request the parties enter into good faith negotiations regarding a superseding agreement, 2) terminate your subscription upon 10 days written notice or 3) limit your access to your fixed rate batch subscription for the remainder of the then-current 12 month period, during which time you will continue to be billed your Monthly Charges. If your access to your fixed rate batch subscription has been limited, your access will be reinstated on the first day of the following 12 month period.

If the trial includes Batch Services, you may submit up to 1,000 input lines at no cost. We reserve the right to invoice you for input lines in excess of 1,000. You will pay our then current Schedule A rate. Schedule A rates are located at <http://legalsolutions.com/schedule-a-clear>.

**Existing Vigilant Subscribers:** We may terminate your License Plate Recognition (LPR) subscription if you are an existing Vigilant LEARN subscriber whose LPR pricing is based upon your existing Vigilant LEARN agreement, and you cancel your Vigilant LEARN agreement.

**Enterprise Law Enforcement Subscribers:** You certify that you have up to the number of Sworn Officers in your employ at this location identified in the QTY Column above. Our pricing for banded products is made in reliance upon your certification. If we learn that the actual number is greater, we reserve the right to increase your charges as applicable.

**CLEAR Subscribers via an Alliance Partner.** In limited circumstances we may allow you to access CLEAR through a third party's ("Service Provider") software or service (together with CLEAR, the "Integrated System"). In the event that you enter into a license agreement to access an Integrated System, you agree as follows:

We have no obligation to Service Provider with regard to the functionality or non-functionality of CLEAR during or after the integration. Service Provider will have access to CLEAR on your behalf and you will ensure Service Provider's compliance with the terms and conditions of the Thomson Reuters General Terms and Conditions located in the General Terms and Conditions paragraph above. Except as otherwise provided in your agreement with us, Data may not (i) be distributed or transferred in whole or in part via the Integrated System or otherwise to any third party, (ii) be stored in bulk or in a searchable database, and (iii) not be used in any way to replace or to substitute for CLEAR or as a component of any material offered for sale, license or distribution to third parties. No party will use any means to discern the source code of our products and product data. You are responsible for Service Provider's access to CLEAR on your behalf. You are responsible for all damages caused by misuse, abuse or compromise of the data by Service Provider, you, your employees and any person or entity with which you shared the data. We will be responsible for damages caused by us.

**For Law Enforcement Agencies and Correctional Facilities Only – No Inmate Westlaw or CLEAR Access (direct or indirect)**

I certify, on behalf of Subscriber, that I understand and accept the security limits of Westlaw or CLEAR ; Subscriber's responsibility for controlling Westlaw, CLEAR, internet and network access; and, how Subscriber will be using Westlaw or CLEAR. I acknowledge Subscriber's responsibility for providing West with prompt written notice if Subscriber's type of use changes.

Only non-inmates/administrative staff will access Westlaw or CLEAR with no direct Westlaw research results provided to inmates (including work product created as part of inmates' legal representation). In no event shall anyone other than Subscriber's approved employees be provided access to or control of any terminal with access to Westlaw or Westlaw Data.

Functionality of Westlaw or CLEAR cannot and does not limit access to non-West internet sites. It is Subscriber's responsibility to control access to the internet.

Subscriber will provide its own firewall, proxy servers or other security technologies as well as desktop security to limit access to the Westlaw or CLEAR URL and West software (including CD-ROM orders). Subscriber will design, configure and implement its own security configuration.

Subscriber will not use any data nor distribute any data to a third party for use, in a manner contrary to or in violation of any applicable federal, state, or local law, rule or regulation or in any manner inconsistent with the General Terms and Conditions.

Subscriber will maintain the most current version of the West software to access CD-ROM Products for security purposes.

**Signature for Order ID: Q-08237974**

**ACKNOWLEDGEMENT Q-08237974**

**I have read all pages and attachments to this Order Form and I accept the terms on behalf of Subscriber. I warrant that I am authorized to sign this Order Form on behalf of the Subscriber.**

## WEST PUBLISHING CORPORATION STATEMENT OF WORK

West Publishing Corporation, a Thomson Reuters business (Thomson Reuters or TR) will deliver to the Massachusetts Department of Transitional Assistance (Customer) its identity risk analytics (ID Risk Analytics or IDRA) solution (the "System") together with related implementation services, all as more particularly described in this SOW.

### 1. SCOPE OF SERVICES

- A. **ID Risk Analytics.** TR will deliver IDRA as a Software-as-a-Service subscription deployed in Microsoft's Azure environment for up to 30 users. The specific IDRA functionality and applicable quantities or limitations will be delivered as follows:

| Functionality               | Description                                                                                                                                                                                                                                                                                                                                | Quantity                                                                                               |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------|
| <b>Data Dashboard</b>       | TR will provide an executive dashboard that displays aggregate data and time series visualizations of applicants at high, medium, and low risk of identity or other types of fraud. Example metrics include results from analytic runs with weekly/year-to-date/lifetime statistics by risk category and total associated benefit dollars. | 1 data dashboard                                                                                       |
| <b>Recipient Validation</b> | TR will run current heads of household through ID Risk Analytics to identify areas of risk such as shared values (e.g., home address, IP address, email address), deceased recipients, and other anomalies.                                                                                                                                | Up to 500,000 matches per year and one-time batch of current population, up to 1,020,000 for CIDC data |
| <b>Risk Alerts</b>          | TR will configure and deploy alerts to check for anomalies to provide actionable ID fraud leads and operational improvements to prevent identity fraud schemes. Aggregate results will be displayed on the data dashboard.                                                                                                                 | Up to 30 alerts                                                                                        |
| <b>Reporting</b>            | IDRA users can download detailed data relating to each of the risk alerts into an Excel document for sorting, searching, and filtering.                                                                                                                                                                                                    | No limit                                                                                               |

#### B. Training

- 1) TR will conduct one (1) remote training session per 20 users, up to four (4) remote sessions. Unless otherwise requested by Customer, and each IDRA training session typically requires two to four hours of stakeholder/user participation. TR will provide this training on the UAT system configured for this specific implementation, including customized, screen-specific user manuals.
- 2) Upon request by Customer, TR will provide training for major updates or any new substantive functionality introduced after the initial System implementation.
- 3) TR will provide an online User Manual for the System and/or field-specific user help embedded directly in the System dashboards. User help also is available within the application in the form of contextual help and FAQs.

- C. **Help Desk.** Throughout the term of this SOW, TR will provide the following Help Desk support for the System:

- 1) Live phone support is available Monday through Friday from 8:00 am to 5:00 pm Eastern Time, excluding federal holidays. Access to the TR electronic ticketing system is available 24 hours a day, 7 days a week, 365 days a year except for scheduled maintenance windows. TR will respond to the support tickets submitted through Customer support portal during non-business hours in the next business day.
- 2) All authorized users can submit support requests via email, phone, or by directly logging them into Customer support portal. Submitting a support request via email automatically creates a support ticket and sends an acknowledgement email. Once a ticket is created, additional

stakeholders / managers can monitor the status of support tickets at any time. Each support request must include:

- a. Description of the issue and an assessment of its severity
  - b. Description of the events leading up to the need to create a support ticket (if applicable)
  - c. Screenshots of the dashboard or system screen related to the problem (if applicable).
- 3) Every support ticket receives a tracking number and is assigned to a support professional depending on its severity level. TR identifies three support ticket severity levels based on urgency and impact. The following table indicates the severity levels for support tickets, a description of what defines the severity of a support ticket, and the response time for each severity level:

| Issue Severity Level | Severity Level Description                                                                                                                                                                                                                                                       | Issue Response Time   |
|----------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------|
| High                 | An urgent issue that impacts all Customer users of the System. The entire or partial use of the production System is impacted such that there is complete loss of service or System functionality for which there is no workaround.                                              | Four (4) hours        |
| Medium               | An issue that impacts multiple Customer users or a portion of the System. Use of the production System is impacted such that important features or functions do not operate properly but acceptable temporary workarounds exist. Normal operation can continue with workarounds. | One (1) business day  |
| Low                  | An issue that impacts neither the System nor the Customer's access to the System such that the impact is an inconvenience or a minor deficiency. The overall performance and/or system integrity is unaffected.                                                                  | Two (2) business days |

- D. **Special Investigations Unit (SIU) and Customer Success Team Support.** The SIU is the functional and investigative arm of TR. A member of the SIU will be assigned to work with the Customer's investigations and enforcement staff. TR will also assign a member of the Customer Success Team (Customer Experience Analyst – CXA) to work with your users post-Production GO LIVE. The CXA serves as the single point of contact for post-implementation and coordinates activities such as status meetings, routine account reviews, etc.

The assigned SIU member will assist Customer in the following activities:

- 1) Interpreting the results from the System
- 2) Participating in Customer investigative and enforcement activities, as requested.

The assigned CXA member will assist in the following activities:

- 3) Working with the Help Desk to address requests for support
- 4) Capturing Customer requests for new functionality, data sources, and other constant improvement activities

- E. **Hosting Services.** The System is hosted on the Microsoft Azure platform and data centers, which physically stores all physical hosting equipment, communication media, server/hardware, application access, and data storage. While the subscription portal can successfully run in many Internet browsers, we recommend the use of Chromium-based browsers capable of supporting industry standard security protocols and ciphers.

- F. As a Software-as-a-Service offering, there will be frequent, non-intrusive enhancements and updates to the System.
- G. **Backup and Recovery Services.** TR will perform encrypted file and database level backups. The encrypted backups are performed by the Azure Recovery Services Vault, are taken at the end of every business day and remain in the Azure data center. The storage system housing backup snapshots is an AES 256-bit Storage Access Network (SAN) storage device encrypted at rest.
- H. **Set Up and Configuration Services.** TR will provide set up and configuration services for the System specific to Customer's requirements. The System will leverage program data from Customer's own data systems.
- I. **Transition Upon Contract Expiration or Termination.** Upon the expiration or early termination of this SOW, the TR Information Security Officer will oversee the export of system results and/or case information as required by Customer. Following the successful export of the data, TR will oversee the data destruction process in accordance with Customer's specific requirements or, absent a specified time period, no later than 30 days after the termination or expiration of this SOW.

## 2. DELIVERABLES AND SCHEDULE OF PERFORMANCE

- A. TR will provide the following implementation deliverables:
  - 1) **Data Files Specifications Document ("DFSD")** – TR will provide a DFSD that details the program data required for the System implementation. It describes entities and recipients, provides format detail, and describes the methodology for how data will be used in the System implementation.
  - 2) **One-time batch and SIU Report** – TR will deliver a one-time batch of ID Risk Analytics for the current SNAP population (Est. 1.02M recipients). The TR SIU will prepare a Summary Briefing Report with supporting identity risk details and conduct a review session with the MA DTA team.
  - 3) **Master Design Document ("MDD")** – TR will follow the Project Requirements and Onboarding Process (PROP) for this project. The PROP includes structured technical and business fit-gap interviews to validate Customer's requirements. The PROP is used to configure dashboard components and thresholds, and to identify data sources required. The result of the PROP is the MDD, which will be reviewed in detail with Customer and must be formally accepted before configuration work begins.
  - 4) **Training** – TR will deliver training as described in Section 1.B.
- B. The deliverables described in Section 2.A above will be deemed approved and accepted when the Acceptance Criteria for the applicable deliverable, as written in the table below, is met.

| Deliverable                         | Acceptance Criteria                                                                                                                                                                                                       |
|-------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Data Files Specifications Document  | The deliverable is accepted when Customer acknowledges receipt of the DFSD.                                                                                                                                               |
| One-time batch & SIU Summary Report | The deliverable is accepted when Customer acknowledges receipt of the batch results and Summary Report.                                                                                                                   |
| Master Design Document(s)           | By signing the MDD, Customer confirms this deliverable document its business and technical requirements for the System.                                                                                                   |
| User Training                       | User Training will be deemed accepted by Customer when TR delivers and completes Go-Live Training sessions as described in the SOW along with providing required training materials and user manuals at time of training. |

- C. The deliverables identified in Section 2.A will be produced in accordance with the mutually agreed upon project schedule as may be amended from time to time by mutual written agreement of the parties. The below table reflects the estimated project schedule.

| Milestone/Deliverable                                                                | Timeframe                                                                                                                |
|--------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|
| Project Initiation:                                                                  | Contract execution                                                                                                       |
| Begin PROP/Requirements Sessions:                                                    | Contract execution + 7 calendar days                                                                                     |
| Receive Source Program Data                                                          | Contract execution + 30 calendar days                                                                                    |
| Go-Live of STANDARD SNAP IDRA with nightly batch                                     | Receipt and acceptance of data + 30 days                                                                                 |
| Delivery of one-time batch results for existing population IDRA data with SIU report | Receipt and acceptance of data + 45 days                                                                                 |
| Final IDRA (configured for MA SNAP) Master Design Document:                          | Completion of IDRA PROP sessions + Receipt of Complete and Validated Source Data (whichever is later) + 15 calendar days |
| Fully Configured IDRA nightly batch or Real-Time IDRA Go-Live:                       | Completion of MDD or Receipt of Complete and Validated Source Data (whichever is later) + 180 calendar days              |

### 3. COMPENSATION AND PAYMENT TERMS

This SOW includes a 12-month subscription of the System (IDRA). The Year 1 price of the solution is \$327,180 and includes the one-time batch of the current existing population and the first-year subscription for IDRA. This subscription shall be payable monthly in arrears starting at contract execution. This includes the initial go-live for nightly batch standard SNAP IDRA and the continued configuration of the customized for MA DTA nightly batch IDRA OR Real-time IDRA, per client decision.

| Description                                                                                                                                                    | Year 1 Price     |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| IDRA Subscription – Up to 30 Users, including CLEAR ID Confirm for up to 500,000 program participants per year*                                                | \$214,980        |
| <b>One-Time Batch</b> of ID Risk Analytics for Current Existing Population (Est. 1.02M Recipients) with SIU Briefing Report & Supporting Identity Risk Details | \$112,200        |
| <b>Year 1 Total</b>                                                                                                                                            | <b>\$327,180</b> |

\* Additional recipients above the threshold will be charged at \$.20/recipient.

The annual subscription for Years 2 and 3 will increase by 5% year over year.

The subscription fee includes the configuration in the quantities for the base System described in Section 1.

### 4. STATEMENT OF WORK MANAGERS

The Statement of Work Managers are responsible for deliverable sign-off and other approvals as required by this SOW. The Statement of Work Managers are:

| Customer | West Publishing Corporation                                                       |
|----------|-----------------------------------------------------------------------------------|
| TBD      | Anand Janakiram<br>Senior Project Manager<br>anand.janakiraman@thomsonreuters.com |

## 5. CUSTOMER'S RESPONSIBILITIES

The following are Customer responsibilities necessary for TR to provide the services described in this SOW in a timely manner:

### A. Staff Participation

- 1) Within seven (7) calendar days of contract start, Customer will designate key project stakeholders who will participate in a kick-off.
- 2) Within seven (7) calendar days of contract start, Customer will assign a technical resource who will provide TR with the data necessary to configure the System according to approved project plan.
- 3) Customer will ensure functional and technical user participation during the PROP sessions to describe, answer questions, and share documentation regarding current processes, workflows and procedures; validate requirements; assist in establishing thresholds, configuring reports, and identifying sources of Customer data for the analytics; and approve deliverables.
- 4) Customer will provide TR access to functional and technical staff to identify data from source data systems and to respond to functional and technical questions relating to database schemas, column names, and other technical aspects of Customer's data.
- 5) Customer will provide functional user participation in quarterly meetings to review the results of the analytics, user statistics, and new data sources and system functions.

### B. Data

- 1) Within thirty (30) days of contract start, Customer will provide TR with one (1) year of program data relating to applicants, recipients, and households, required to configure IDRA as specified in PROP session I.
- 2) Customer will provide reference descriptions for all reference codes in the data and data dictionaries for all the data delivered to TR.
- 3) Customer will provide a diagram of the relational model as it pertains to the source tables delivered to TR. This provides the primary and foreign key relations between the tables.

### C. Data Integrity and Security

- 1) IDRA is accessed through a secure VPN connection. Within thirty (30) days of contract start, Customer will establish the required VPN to provide TR with the data necessary to configure the System.
- 2) Customer is responsible for the accuracy and completeness of source data. This includes identifying all appropriate source systems, understanding and labeling of data elements, and preparing complete and accurate sources files in a timely manner.
- 3) Customer will maintain a current list of individuals, and their roles, who are authorized to act and make decisions on behalf of Customer.

- 4) Customer will employ industry-standard safeguards, applicable to the size and complexity of the organization, to prevent the unauthorized use or disclosure of protected information obtained through the System or TR's employees.
- 5) Customer will maintain industry-standard general IT computer and application controls, applicable to the size and complexity of the organization, in its computing environment to safeguard the confidentiality, integrity, and availability of protected data.
- 6) Within forty-five (45) days of contract start, Customer will provide TR with its data retention policy. If TR does not receive Customer's retention policy as stated, TR will retain Customer data for the duration of an active subscription and will destroy it within 30 days of subscription termination.
- 7) Within 72 hours of an unauthorized use or disclosure of protected information (under applicable laws) provided by TR, Customer will report any such event to [ISO@PonderaSolutions.com](mailto:ISO@PonderaSolutions.com).
- 8) TR recommends the use of Chromium based browsers capable of supporting minimum industry standard secure protocols and ciphers.

## 6. ASSUMPTIONS

TR makes the following assumptions applicable to this SOW:

- All project timelines are based upon the identified delivery timelines for program data and technical/program feedback. Any delay in the delivery of the data, completeness of the data set, requested formatting, or responses to clarifying questions surrounding the configuration of the data for the System, will result in delays to the proposed implementation schedule and may result in a change order.
- Any changes to the scope of work as described in Section 1 of this SOW may result in a change order.
- If Customer intends to include a third-party resource(s) (e.g., a claims processing vendor) in the services performed, or work products delivered, under this SOW, TR will require that a non-disclosure agreement be executed between TR and the resource(s).
